## The right treatment.

From the minute you join Bupa, you know you'll be in safe hands. It isn't just about offering you the right level of cover and paying your bills; it's about them being there when you need them and helping you make informed decisions about your health. Bupa has been taking care of customers for over 70 years and know how much the details matter.

### Specialists support teams

For life-changing conditions like cancer and heart disease, Bupa has their own specialist support teams to guide you through your treatment. They can also help direct you to the right advice at every step.

### Treatment Options Service

When you've had a diagnosis, you're bound to have questions about the different treatments on offer. One call to Bupa's Treatment Options Service can give you the advice you need to make the right decisions.

### Talk to nurses and GPs from home

Whenever you need health advice you can rely on, for you or your family, you can speak directly to qualified nurses and doctors. Whether it's your child being sick in the night or a worrying pain, you can call our 24/7 Anytime HealthLine.^

^Anytime HealthLine is not regulated by the Financial Conduct Authority or the Prudential Regulation Authority.

## The right treatment for cancer

Bupa By You health insurance comes with a cancer promise: to look after you for as long as you're covered. Where cancer is covered as part of your core health insurance, there are no time limits and all your eligible cancer treatment costs are paid in full.<sup>†</sup> You must use a healthcare facility from your chosen Bupa network and a Bupa-recognised consultant, who agrees to charge within Bupa limits. It's called a fee-assured consultant.

### Access to breakthrough cancer drugs and treatment

You'll have access to any cancer drug in the UK that's licensed for your condition, even if it isn't NICE approved or available on the NHS.\*

Bupa also employ medical experts to evaluate trial drugs that aren't yet licensed and can approve them for use often within 24 hours.

It's all because they want you to receive the best care available.

### Caring how cancer affects you personally

Everyone's experience of cancer is different, so you won't be told how to feel. Just know that you'll have access to a Specialist Oncology nurse. The oncology team consists of over 40 trained advisers and experienced oncology nurses.

<sup>†</sup>For as long as you have Bupa health insurance. You must use a healthcare facility from your chosen Bupa network and a Bupa-recognised consultant who agrees to charge within our limits (a fee-assured consultant).

\*Applies to eligible cancer drugs and treatment covered by your policy.

## The right route to treatment.

Bupa can help you deal with health issues big and small, sooner rather than later. Just call and a trained adviser will give clear advice on what to do next. They could even refer to a specialist there and then, without the need for a GP referral\*, for faster next steps.

### Fast access to support

#### Muscles, bones and joints

You rely on your body for every move you make, so any issues need to be dealt with as soon as possible. If you call Bupa with a muscle, bone or joint problem, they'll arrange for you to have a telephone consultation with a senior physiotherapist.\*

#### Cancer

Evidence suggests that acting quickly, at the point of first noticing a symptom, can make a real difference to beating cancer. That's why, if you have a concern, Bupa can assess your symptoms over the phone and depending on your cover and the nature of your symptoms, book you an appointment with an approved specialist there and then if you've selected cancer as part of your cover.\*

#### Mental health

We give you the opportunity to speak to a trained adviser directly, usually without seeing a GP first.\* Depending on your cover and the nature of what you're experiencing, we can arrange for you to speak to a counsellor. They can listen in complete confidence and guide you to the support you need.

#### Heart health

If you're worried about your heart health, you could be connected to a cardiologist within 36 hours from your home.

\*Direct Access telephone services are available as long as the symptoms are covered under the policy. If your cover excludes conditions you had before your policy started, we'll ask you to provide evidence from a GP that your symptoms are not pre-existing for a period of up to two years after your policy start date or up to five years in the case of mental health. Always call us first to check your eligibility.

## Which hospital is right for me?

Depending on your personal preference, location and budget Bupa offers you a choice of three different hospital lists. Simply select the option that suits you best.

### Option 1

#### Essential Access

This network gives you access to a select number of private facilities, as well as the usual NHS facilities, throughout the UK. This option does not include private facilities within London.

### Option 2

#### Extended Choice

This network gives you access to a much larger number of private facilities throughout the UK. It also includes a selection of hospitals and medical facilities in central London.

### Option 3

#### Extended Choice with Central London

This network is Bupa's most comprehensive list of facilities and includes many major hospitals in the London area.

## Quick, unlimited appointments with Digital GP.

babylon

Take advantage of 24/7 access to video appointments with GPs, nurses and pharmacists. A Symptom Checker is also available for instant health information and guidance on next steps.

### How can Digital GP make life easier?

- Voice or video call a GP 24/7.
- Unlimited appointments are available within two hours - often sooner.
- Check your symptoms in seconds with Digital GP's symptom checker.
- Order prescriptions and collect within the hour from a local pharmacy.
- Free delivery is also available - prescription costs must be paid for.
- Get a referral to a specialist as part of your health insurance. Please note, members must call us to pre-authorise treatment.

## The right cover for you.

You want some flexibility when it comes to choosing your cover. That's why Bupa By You health insurance offers a choice of three options. Each product has its own exclusions, but, generally, all three exclude: chronic conditions, pre-existing or special conditions, natural ageing, allergies, allergic disorders or food intolerances.

# 1

### **Bupa By You Comprehensive**

This is the highest level of cover that opens the door to private diagnosis, treatment and aftercare for all of your eligible medical needs.

# 2

### **Bupa By You Comprehensive with limits**

You can choose to apply a certain limit at which Bupa will cap the costs. This limit is combined. For example, if you have a combined out-patient limit, this applies to all eligible consultations, treatment, diagnostic tests and therapies that you have as an out-patient.

# 3

### **Bupa By You Treatment and Care**

For people who are happy for the NHS to diagnose them and then be treated privately. Bupa cover the cost of eligible treatment by a private consultant and aftercare at a private hospital. Bupa do not pay for your condition to be diagnosed.

## The right level of cover for mind and body.

You're only yourself when everything's in good health. That's why we look after every bit of you. Your mind and your body. With cover for almost all mental health conditions and support through life's ups and downs.

### Family Mental HealthLine

Bupa Family Mental HealthLine is a way to help parents, carers and guardians who are concerned about the mental health of a child. Spotting the signs early can make all the difference, so a trained adviser and mental health nurse is just a phone call away. They'll listen and guide them to the right support, whether or not the child is covered on the policy.

Lines are open 8.30am to 6pm Monday to Friday. Calls may be recorded and to maintain the quality of our service we may monitor some calls, always respecting the confidentiality of the call.

## **With you in mind.**

### **You won't be left without support**

It's reassuring to know that, unlike other leading health insurers\*, who place a time limit on cover for mental health, we won't leave you without support if you have a condition that comes back.

\*As of June 2020, based on internally conducted research of the consumer health insurance market. Refers to standard mental health cover when this is included in the selected health cover product.

## **With you in mind.**

### **You're covered for almost all mental health conditions**

We want to be ready for what happens in your life. That's why we cover an extended number of mental health conditions, so you can turn to us for treatment and support on what you're facing, whatever the reason.†

†Up to your policy benefit limits. We don't cover the treatment of dementia and learning, behavioural and developmental problems.

# **1 in 4**

**Around this many people in the UK will experience a mental health problem each year.**

## The right number of extras.

Your body is unique, which is why Bupa give you the option to choose add-ons that can help tailor your policy to your individual needs.

### Complementary Therapies. Health niggles that need a little something extra.

Alternative therapies, such as osteopathy, acupuncture and chiropractic services, may be recommended to treat conditions alongside more conventional methods covered under your health insurance. With this extra benefit, you're covered for these too.

#### What's included?

Bupa pay complementary therapy practitioners' fees up to the maximum annual benefit limit shown on your membership certificate. Please see your Policy Benefits and Terms for full details and exclusions.

### Dental Cover. Even more reasons to smile.

Routine check-ups, fillings and emergency treatment – the costs for keeping a healthy smile can add up. That's why there's this extra benefit to give you a helping hand.

Bupa pay money back up to the limits on your membership certificate, or the appropriate NHS band limit, depending on which cover you choose.

#### What's included?

- Routine check-ups and scale and polish
- Fillings, root canals, crowns and dentures
- Emergencies and injuries
- Oral cancer treatment
